## WE ARE FAMILY

On this day we honor the Holy Family of Jesus, Mary, and Joseph. We all belong to families, whether born, married, or adopted into them. We all belong to the family of faith through the waters of baptism and, finally, as part of God's creation, we belong to the larger human family. Not long ago a story was reported about a woman in Manchester, England. She was retired and lived by herself in a modest home. She regularly attended Mass in her local church, but was otherwise not involved in parish life. She had one friend, with whom she occasionally had dinner but never invited into her home. According to the friend, this lady had no birth family or family by marriage left. She spent all her days and evenings shopping. The neighbors would see her come and go but they formed no connection with her. When they finally noticed that her car had not been moved in days, they called the police. Investigating officers were horrified to find a house filled to the rafters with "stuff." It took them two days to dig through and find the lady who owned it all—she was in a bedroom where heavy boxes had fallen on her and killed her. This sad story underlines what can happen when we do not have ordinary relationships to sustain us. Almost certainly neighbors told themselves after the fact that they could have done something to help. We all know people whose families are deceased or who live far away. Some are outgoing and able to make a network of friends. Others, particularly the frail and elderly, are shy or fearful of bothering anyone. Isolation can have fearful consequences. Don't let it happen if you can help it.
